

## Gatescan-P Accessories

### Environmental Packages:

Outdoor pack 1: Includes the pop-up shelter, mat and bases with built in levellers.

Out door pack 2: Includes pop up shelter & mat.

### Pop up shelter

1.5 x 1.5 m pop up shelter for Gatescan-P.

A compact, protective all weather shelter that lets you use Gatescan in all weather conditions including rain.

Folds up compactly for quick and easy transport.

A heavy duty floor mat to minimise dirt in outdoor setups. Also provides a layout footprint for easy Gatescan setup.

### Protective Cover

A durable protective cover to protect your Gatescan during storage and transit.

### Y Cable Assembly

Allows both batteries to be charged at once when the unit is in the collapsed configuration/in storage.

### Handheld Metal Detector

Handheld metal detecting "wand". Use alone or with Gatescan-P to pinpoint the location of concealed metal objects.

### Operational Test Piece

Aviation standard test piece to ensure your Gatescan is calibrated to the correct threat level.
