

Glove Boxes for Mailrooms & Post Security

KEY FEATURES

- Size 60 x 60 x 60 cm with or without air locks
- Provides a barrier between the user and potential contaminants
- Hermetically sealed gloves allow safe handling within a fully enclosed containment area
- Side panel allows envelopes and packages to be placed in and removed from the work area safely and easily

Manufactured from tough, non-reactive polycarbonate, our Secure Handling Glove Boxes provide a fully enclosed, protective environment for safely opening letters and packages. Designed to prevent exposure to powders, unknown substances, or contamination, they offer an essential safety barrier for mailrooms, security offices, and high-risk postal screening locations.

Each Glove Box includes hermetically sealed gloves, giving operators excellent dexterity and manoeuvrability while keeping hands completely protected from potential contaminants. A side access panel comes as standard, allowing easy introduction of letters, envelopes, or small parcels into the chamber.

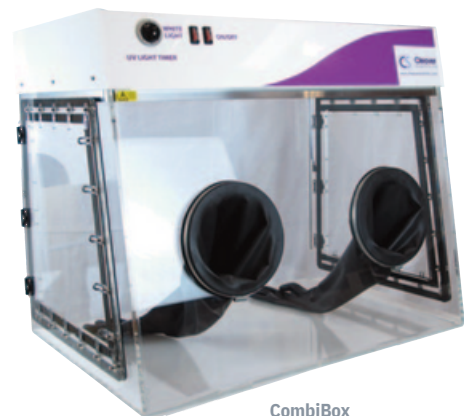

Key Benefits for Mailrooms & Security Environments:

- Provides a sealed, controlled environment for opening mail and handling suspicious items.
- Protects staff from powder leaks, harmful substances, or unknown materials.
- Constructed from durable, non-reactive polycarbonate suitable for long-term daily use.
- Optional airlocks allow items to be transferred without compromising containment.
- Available in a range of shapes and sizes to fit different workspace layouts.
- Optional internal shelves and holders improve organisation and workflow.

Combi Box Option – UV Sterilisation + Full Containment
For enhanced protection, the Combi Box combines a fully sealed glove box with built-in UV-C sterilisation.

Four 15W UV-C bulbs (with safety interlocks) can be timer controlled for up to 30 minutes or run continuously to decontaminate the interior, work surface, and equipment before or after use.

A 15W white light lamp provides bright, clear illumination across the entire working area, ensuring excellent visibility while handling items.
